

CREATING CHURCH AND THEATRE ORGAN REGISTRATIONS

CHURCH ORGAN REGISTRATION 4

Registration Description

This is the full organ (*f*) organ registration on both lower and upper keyboards with a combination of drawbar and flute sounds on the lower keyboard suitable for ensemble playing. This can also combine well with the more substantive drawbar setting on the upper keyboard which can be played solo or in ensemble.

Remarks

All other control parameters are in their default **Std Inst** settings.

If you have only 2 lower keyboard layers the best sound to remove would be the *Gedackt 8*.

The drawbar sound *Sacral dB Tutti* on the lower keyboard contains a 16 foot component so is raised an octave to enable it to be played in the normal position on the keyboard.

As for the previous registration changing the Organ Type on the drawbar sound *Sacral dB Plenum* from Digital to Analogue will produce a brighter more authentic sound.
