

# Creating a Mariachi Trumpet

1. Select 'Jazz Trumpet' and then go to 'Settings' and Edit 'Longwave'.

2. Adjust 'Panorama' as shown below and then go to 'Additional Settings'.

3. Adjust the parameters as indicated. Press 'Back' and then 'Save' to take you to the page shown in 4.

4. Touch the name 'Jazz Trumpet' to open the typewriter and then type in 'Mariachi Trumpet'. Locate the position in which you wish to save the modified voice and press 'Save'. Use 'Theatre Kinura' as a second voice to give some bite.
